President's Message

Submitted by
JOHN Berkheimer

The heat was on for the picnic this year. On July 20th, 23 members and relatives of members attended the picnic. All activities except the swimming was held inside in the air conditioning. Only three Corvairs braved the heat, of course mine didn't have to go far. I believe I heard it was the hottest day of the year so far. As usual we had more than enough food and plenty of good conversation. As always we were glad to see Linda, one of our favorite club members and best fudge maker, attend with the assistance of a ride with John & Sandy. Everyone was extremely happy to see Lou and Carol join us. Carol looked very good and the smiles from Lou and Carol made my day.

We did have a short meeting, discussion on the Penn College overnight tour, September 28th & 29th. Dave Steigauf will check on overnight accommodations and get information to members who will be responsible for their own reservations. It will also

be up to members to decide if they want to drive their Corvairs or other cars. A location to meet will also be determined.

Corvair Day was also discussed, **PLEASE ATTEND THE AUGUST 13th MEETING**, at Hoss's to finalize everything. I will be on vacation that week but will be with John Johnson the following week at Corvettes at Carlisle and he can bring me up to date.

Once again, THANKS to all who attended the picnic and brought food. It was a very nice day. We did end up with an extra large serving spoon, with Betty Crocker on the handle. (I checked the attendance list and she wasn't here.) So whoever stole the spoon from her let me know and I will see you get it back.

Just a quick reminder, If you need a phone number, email address or physical address of an officer, board member, newsletter/web editor or club

photographer they are listed in every newsletter. If the one you are looking for isn't listed give me a call and I will locate it for you at no charge.

One last reminder, **SELL** those **VISA RAFFLE TICKETS** and register for Corvair Day.

Summer fun cars make for successful All-Car Rally

*Jim Holland Journal staff
Jun 23, 2015*

George Feick brought his friend's old car to the Center of the Nation All-Car Rally for all to enjoy.

George Feick Of Belle Fourche brought his 1964 Chevy Corvair Monza Spyder to the Center of the Nation All-Car Rally Saturday at Herrmann Park. Feick bought the car from the widow of a friend who died last year.

Feick's 1964 Chevrolet Corvair Monza Spyder drew plenty of attention from spectators and other entrants during Saturday's show 'n' shine at sun-drenched Herrmann Park.

The car was formerly owned by Billy Snoozy of Belle Fourche, who died in 2014.

“He had it for a couple of years. I always liked the car,” Feick said.

“His widow asked if I wanted to buy it because he and I were good friends and she thought he would like me to have it. We discussed it and I ended up buying it.”

Saturday marked the first time the red-orange convertible with matching interior had been shown at the All-Car Rally.

“This is the first year I’ve had it out here. I don’t believe he had it out here at all,” Feick said.

“It’s all original. It’s never been restored. There are a few imperfections, but that’s the way it is,” he said.

The Corvair has a cult following because its unique rear-engine design and a notorious reputation after consumer advocate Ralph Nader called the car “unsafe at any speed” in his whistle-blowing 1965 best-selling book of the same name.

“It’s a way to let people see it because there aren’t too many of them out here anymore. They were discontinued because they were thought to be unsafe,” said Feick.

This isn’t Feick’s first experience with a Corvair. His parents owned one during his years growing up in Florida.

“I drove it when I was in the military. They gave it to me after I got out of basic training and I was able to drive it for six months or so. It ran good. I didn’t have any trouble with it. They were good cars, but I guess they were kind of unstable at certain points,” he said.

The Corvair is powered by a six-cylinder engine arrayed in a flat configuration, meaning the cylinders are parallel to the ground instead of in a more familiar “V” formation.

The Monza Spyder is also one of the few American cars from that era that rolled off the assembly line equipped with a turbocharger, which boosts horsepower by

Sunny's Easy Tuna Casserole

Taken from Food Network, Sunny Anderson

- Total: 1 hr 10 min
- Prep: 20 min
- Cook: 50 min
- Yield: 6 to 8 servings

Ingredients

2 tablespoons butter, plus more for baking dish
 1 (12-ounce) bag or 4 cups egg noodles
 16 ounces yellowfin or albacore tuna in oil, drained and flaked (recommended: Ortiz or Callipo)
 10 ounces frozen peas, thawed
 1 1/2 cups shredded sharp Cheddar cheese
 1 1/2 cups shredded Irish Cheddar cheese
 1 tablespoon olive oil
 1/2 teaspoon whole dried thyme
 1/2 cup chopped onion
 Kosher salt and freshly ground black pepper
 8 ounces baby bella mushrooms, sliced
 4 teaspoons Worcestershire sauce
 1 tablespoon prepared horseradish
 2 tablespoons flour
 1 1/2 cups chicken stock
 1 pint heavy cream

For the Topping

3 cups panko breadcrumbs
 3 tablespoons olive oil

Directions

1. For the casserole: Preheat the oven to 375 degrees F. Butter a 13- by 9-inch ovenproof dish or lasagna dish and set aside.
2. Cook the egg noodles in salted boiling water according to package directions for al dente, about 8 minutes. Drain and immediately place the noodles in a large bowl filled with ice water to stop the cooking. Once cooled, drain and then pour the pasta into a large bowl with the tuna, peas and both cheeses. Toss to combine.
3. In a large pan with straight sides, add the 2 tablespoons butter, the olive oil, onions and thyme. Season with a sprinkle of salt and pepper and cook on medium heat until the onions are tender and translucent, about 5 minutes. Add the mushrooms, season with salt and cook gently until tender and darkened, about 5 minutes more. Add the Worcestershire sauce and horseradish, and then sprinkle the flour over the entire pan. Stir to help the flour soak into the vegetables and cook a minute more to lose the flour taste. Raise the heat to medium-high and add the chicken stock. Cook until slightly thickened, about 5 minutes, and then slowly stir in the heavy cream. Simmer until the cream is thickened slightly, about 4 minutes more. Taste and season with salt if needed. Pour the mushroom sauce over the prepared noodles in the large bowl and quickly stir to combine. Immediately pour into the prepared dish.
4. For the topping: In a small bowl, combine the breadcrumbs and olive oil. Season with a sprinkle of salt and a grind or two of pepper. Stir until the crumbs soak up the oil evenly. Sprinkle the breadcrumb mixture evenly over the top of the dish and place, uncovered, in the oven until the sides are bubbly and the top is golden brown, about 35 minutes. Let it rest 5 minutes before serving.

Summer Fun

harnessing exhaust gases to power a compressor which in turn forces more air into the engine.

“You don’t expect to see a turbocharger on a car from the '60s. At least the kids today don’t,” said Feick.

The Corvair is mainly a summer fun car for Feick, a retired air traffic controller who moved to Belle Fourche 10 years ago. He also owns a 2012 Harley-Davidson CVO (Custom Vehicle Operations) factory custom bike, which also gets a lot of miles.

“The (Corvair) stays in the barn during the winter. This is a way to let people see it and know more of what it was like back in the 60s,” he said. —End

MESSY OIL FILTER CHANGE

by *Tim and Blake Palmer, Green Country Corvair Group*

We all have changed an oil filter at one time or another. It usually makes a big mess getting the filter off and another mess carrying the filter to the trash. Some time back we found a clean and cheap way to help prevent this mess. After you have eaten all your bread out of your bread sack, save the sack if it's not full of holes. The next time you change the oil, slip the sack over the filter after you have loosened the filter. Then completely remove the filter. Tie a knot in the end of the sack and throw away the filter. Now wasn't that simple.
