President's Message

We were finally able to resume our second Tuesday of the month meetings at Hoss's in West York. It was good to see some members we haven't seen since September 2020 Corvair Day. Next meeting August 10th, remember, we are starting ½ hour earlier at 5:30pm.

We scheduled our August event to be at Markets of Shrewsbury on Friday, August 13th. We plan to meet at 2pm at the church, St. Paul Lutheran Church across from the Markets along the Susquehanna Trail. Let's get those Corvairs out. Hope to see you at the Markets. If we miss you at the church, we should be easy to locate once at the Markets, we usually park on the grass area.

At our July meeting we made some decisions on trophies for Corvair Day. As always we try to do something different than anyone has done before. Our trophies always seem to be a big hit. I think it is a plus and maybe that is why Corvair people return each year. It isn't too early to register for our 2021 Corvair Day.

At GM Nationals in Carlisle, June 25th & 26th, we met Joanne Colligan and her husband who had a 1964 Corvair Spyder Coupe in Building "T". She told us she went to Mecum Auction in Harrisburg to buy a Corvair and that is where she got her 1964 Spyder. We gave her a Corvair Day registration form and they said they plan to attend. The car was very well restored when she purchased it. They also have plans to have the car judged through AACA.

Happy Corvairing

A Star in the Making

Taken from Group Corvair's Newsletter for the National Capital Area, June 2021 Issue

Don Hibbard's 1963 Corvair Monza convertible was chosen to be the "car used by the star of the movie" during the filming of the pilot for an upcoming Disney FX production "The Spook Who Sat by the Door". At least parts of the pilot are being shot in Baltimore. (There must be something special about Corvairs, movies, and Baltimore. The movie "Tin Men" which featured a Corvair was shot in Baltimore as well.)

According to Don, the "Auto Program Director" for Disney movies fell in love with the car and wanted it in this production. Right now, we don't have any more information on when (or even if) the movie (or series) will be released, but once again, a Corvair is a star in the making. Main Bearing Oil Gallery Modifications

By Dick Peris, with Dan Heckel, Taken from CPCC "Action" newsletter, Volume 27 Issue 3, March 2004

Rebuilding and overhauling Corvaire engines over the years, I have noticed a problem that I do not believe has been previously addressed. The main bearing galleries cast into each engine block half do not always align with each other, or transition properly to the bearing oil hole.

I have developed the following procedure to correct this situation. The tools required are:

* Half Main Bearing Shell

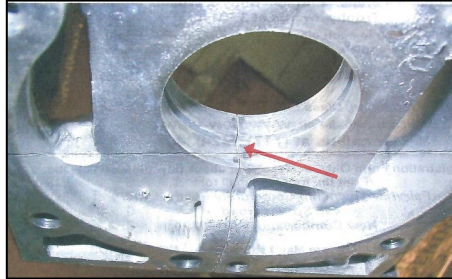

* Dill with 7/32" bit

* 1/8" Ball End Mill

After separating the crankcase, remove cam, crank, and bearings. Retain one main bearing insert. Mate the engine halves, and note the alignment, or misalignment of bearing Galleries. If misalignment is noted, it should be corrected at this point. You could use the Ball End Mill, or a Dremel type tool, with abrasive cutoff type disk. See pictures below.

Secretary's Report for July 2021

Submitted by
Earl Holmes

The meeting was called to order by our President, JOHN Berkheimer at the Hoss's Restaurant in West York, PA at 6:30pm. He welcomed everyone back, as well as introducing Paul and Susan Miller. There was no reading of the minutes from the June meeting and Dave Steigauf was not able to provide a Treasure's report.

Old Business

- At the last meeting a motion was passed to donate \$100.00 to CORSA for Corvaire Preservation. Dave Steigauf informed everyone that this was not possible. He provided a list of several funds within the CORSA organization that we could donate to. After a discussion, it was decided to donate to the CPF facility fund in CORSA.
- There was a discussion regarding the road trip to Pocono on the 31st of July. JOHN stated that there were five members that will make the trip. If anyone else is interested in going they should contact JOHN or Dave and let them know.

New Business

- The question was asked if the club wanted to have an activity during the month of August. There was a suggestion about attending the Markets at Shrewsbury on the 13th of August.
- We had a discussion about the trophies to be given out at Corvaire Day. Dwayne Aldrich will be making the trophies that will be awarded. It was decided to increase the number of trophies that will be awarded to 20 and a separate award for Best of Show and Longest Distance traveled to the show. Club members will have the option of not having their cars voted on during the show.
- Joe Darinsig will be getting the Dash Plaques for the show.
- The winner of this months 50/50 drawing was Paul Miller. *Congratulations Paul.*

Announcements

Dwayne Aldrich made a motion that the meeting be adjourned. This motion was seconded by Lou Trimper and the meeting was adjourned. The next meeting will be held August 10th at the Hoss's Restaurant in York.

Highlights of the Springfield, IL Mini-Convention - May 2021

Submitted by
MiLana Wright

Tuesday, May 18 Jeff Stonesifer, me, his daughter, Abby, and her boyfriend, Colton, left the Corvair Ranch and headed for Springfield, IL. We were flat towing my 1961 Corvan traveling more than half way the first day with a one night stop over.

Wednesday, May 19 We arrived mid-morning at the Crowne Plaza Hotel where the event would be taking place and where we were staying the remainder of the week. We used my Corvan as our home base for the vendor sales. The Concours d'Elegance was held this day featuring many beautiful Corvairs. The John Glenn Corvair (beautifully restored by Bill Hubbell) was on display inside the hotel as well as the Carl Sagan Corvair. In the evening Jeff & I attended the Presentation on the Glenn Corvair by Dr. Hubbell. It was a very interesting presentation with many details on his restoration process. We ended the evening by attending the group meeting of Corvanatics. They had a large attendance for

this meeting. It was nice to be among so many active members of this group.

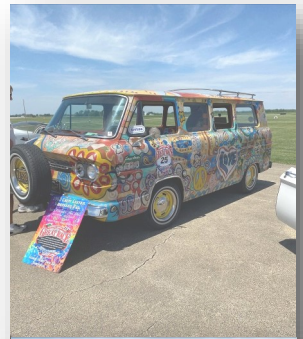

Thursday, May 20 We continued the vendor sales, watched some of the autocross then headed to Chicago suburbs for some vendor business traveling the Historic Lincoln Highway/Route 66 with a few stops along the way. The van continued to receive a lot of attention sitting in it's preferred parking spot. I had prepared a story board featuring pictures and details of the van's transformation in 1977 to its current and 3rd restoration just finished this year.

Friday, May 21 The Wynne Aviation Spectacular in Shelbyville, IL was an event Jeff & I didn't want to miss. My van made the hour drive to the airport driving beautifully. Even with it being a very hot day, the air vents made it a pleasant drive. We joined many of the Rally participants at the airport with the highlight being the arrival of Five Corvair Powered Airplanes! It was amazing seeing them fly in as all of the other Corvair vehicles were lining the runway. Mr. Wynne had an amazing presentation on the Corvair airplanes, the turnout was excellent and everyone stopped

talking just to listen to those Corvair engines when one landed or would take off! Picture below is of Jeff and Mr. Wynne.

We headed back to attend the Corvair Preservation Foundation Museum for our self guided tour and a nice dinner (picnic) at the museum. Many interesting items and Corvairs in the museum including a display donated by our own, Joe Darinsig! This museum is a must see for all of us Corvair lovers! Finished the evening by washing my Corvan in preparation for the People's Choice Car Display on Saturday.

Saturday, May 22 It had been many years since my van was in any shows, but I proudly entered it into the People's Choice Car Display. It looked great along side the other vans on display. Several people inquired about it's uniqueness--having the late car rear suspension and air bags! Jeff had taken many pictures while it was up on the lift helping to show the story of it's 1977 transformation! We headed home later that day after a very fun week with fellow Corvair enthusiasts. We arrived safely back at the Ranch on Sunday!

Car Show Updates Submitted By Linda Enfield

The A.A.C.A. Eastern Fall Meet was held on Saturday, October 7th, 2006 in Hershey, Pa. That (DARN RED CAR), the 1962 red Corvaire Convertible, owned by Jim and Linda Enfield, received a First Place Jr. Award.

Fellowship Hall that we've been helping to build. Jim and I took on a NEW task this year by helping our first "Car Show" (proceeds benefited our new building). It was held on Saturday, August 19th. We had 44 registered cars, sold 69 Roast Beef Suppers, and made a profit of \$1,000.00. We had a Great time, and are planning to hold the second one next year on August 18th, 2007.

The car shows are great, but we would love to see more Corvairs at them!

The "2006" Car Show season was GREAT! We had only attended twenty-one of them this year. We had a slower year because of our "New" Church
